The House of Hope Story

During a visit to Switzerland, we were baffled to learn that this small country with its population of 8,5million did not have a single person without a home built of solid walls. It almost seemed ironic that Namibia, with its mere 2,5million inhabitants... [\(read more\)](#)

2023 Challenge

We envision to achieve our goal of 100 houses by the House of Hope Foundation by the end of 2030.

Our goal for 2023 is, to build another 4 houses. For this, we need a total of N\$ 180 000 (9000Euro).

You can help us achieve this goal!

Current status: N\$ 15.000
